

Section IV - Adult Lung Transplant

PART 1 – UNOS Standardized RFI

All facilities interested in being considered for participation, or currently participating in, the BDCT for solid organ transplant must complete the **UNOS/OPTN 2008 Standardized RFI on line** through the Transplant Administrators section of Unet (<https://portal.unos.org>) for each of the specific solid organ transplant type(s) your facility is applying for. Please attach the July 2008 release of the SRTR Experience Data Part F to your UNOS RFI. You must grant the Blue Distinction Centers for Transplant access on the Activate Payer screen. *All questions left unanswered will be requested as Additional Information and may potentially delay the review process.*

PART 2 – Please complete questions 1 through 13 pertaining to your facility's adult lung transplant program.

- At various times within this document, you may encounter the following pop-up box (shown below as an example). Please Click 'Yes' when the pop up box appears, and continue with your data entry.

1. Has your program received the Joint Commission Transplant Center Certification for Lung Transplant?

YES NO

2. Are the following services available twenty-four hours per day, seven days per week?

Bronchoscopy/Endoscopy YES NO

Cardiothoracic Surgery services YES NO

3. Does your facility have a formal continuous quality improvement (CQI) program in place for transplant services? *Please note: You may be required to provide documentation of your process upon request.*

YES NO

If yes, mark your facility's CQI program components:

- Written Plan that is integrated into the hospital wide QI process YES NO
- Specific to Lung Transplant YES NO
- Multidisciplinary Team YES NO
- Quarterly meetings with minutes YES NO
- QI audits include indicator tracking, documentation of practice changes, and current QI projects YES NO
- Annual review of programmatic outcomes YES NO
- Transplant specific policies & procedures YES NO
- Designated person(s) appointed to review policies & procedures annually YES NO

4. Is your facility in the process of developing a transplant specific continuous quality improvement (CQI) program?

YES NO Not Applicable, my facility has a formal CQI program in place

If no, how are transplant related issues identified, addressed, and integrated into the hospital-wide system? _____

5. Does your facility track transitions of care for patients discharged from an inpatient setting to another setting, (e.g., home, rehab facility) using a formal method?

YES NO

6. Is there a formal patient selection committee that routinely meets and maintains meeting minutes specifically for the evaluation and recommendation of candidates for lung transplantation?

YES NO

If yes, do the following personnel regularly attend these meetings?

- UNOS designated primary physician YES NO
- UNOS designated primary surgeon YES NO
- Lung transplant coordinator(s) YES NO
- Social Worker YES NO
- Consultants (if applicable) YES NO

7. Does the Lung Transplant Program have written patient selection criteria that are applied to all adult transplant patients?

YES NO

If yes, does the program have a process in place for re-evaluating patient selection criteria on an annual basis?

YES NO

8. Does the program have a written policy that addresses evaluation and selection criteria for patients requiring a re-transplants?

YES NO

9. Complete the following data table for ALL adult patients undergoing lung transplant between January 1, 2006 and June 30, 2007. Note percentage of patients experiencing Bronchial/Tracheal Stenosis as requested in table below.

	1/1/2006-12/31/2006	1/1/2007-6/30/2007
Number of lung transplant patients that developed bronchial/tracheal stenosis requiring balloon dilation or stent placement within 1 year of transplant (Numerator)		
Total number of lung transplant patients (Denominator)		
Incidence of Bronchial/Tracheal Stenosis requiring balloon dilation or stent placement within 1 year of transplant (N/D)	%	%

10. In the past two years, have donor organs ever been turned down, for either procurement or implantation, due to lack of available surgical support?
 YES NO

If yes, please explain. _____

11. Complete the following data table for ALL adult patients who had a lung transplant between July 1, 2005 and June 30,2007.

	30 Day Readmission Rates		90 Day Readmission Rates	
	7/2005-6/2006	7/2006-6/2007	7/2005-6/2006	7/2006-6/2007
Inpatient and Emergency Room Readmission Rates **excluding trauma cases				

12. Does your facility have a Pulmonary Rehabilitation Program?
 YES NO

If no, is there a process/plan in place for making appropriate referrals to a Pulmonary Rehabilitation Program?
 YES NO

13. Does your facility or the facility you refer pulmonary rehab patients to, have the American Association of Cardiovascular and Pulmonary Rehabilitation (AACVPR) program certification? _____
 YES NO

PART 3 – Adult Patient Data Table

Please submit the information requested in the patient data tables on EVERY adult lung transplant, re-transplant, and living donor transplant performed between **January 1, 2007 and June 30, 2008**. All patients who died during the procedure must be included. If the patient’s survival status is not known as of July 31, 2008 report the patient as Lost to Follow-up.

ALL INFORMATION IS TO BE ENTERED IN THE APPROPRIATE MICROSOFT EXCEL SPREADSHEET SENT TO YOU (LABELED AS “Solidorg2bREV2008.xls”). UNOS CODES MUST BE USED AS INDICATED. DO NOT SUBMIT THIS DATA TABLE IN A MICROSOFT WORD OR TEXT EDITOR FORMAT. ALL COMPLETED PATIENT DATA TABLES MUST BE SUBMITTED by SECURE-ENCRYPTED EMAIL OR BURNED TO A CD-RW AND SENT IN TO OUR OFFICE (SORTED BY DATE OF FIRST TRANSPLANT).

PART 4 - Adult Lung Transplant Team

Have any surgeons or physicians left the adult lung transplant team in the past 12 months?

YES NO

If yes, provide name(s), date(s), and explanation(s) for leaving

Instructions for Completion of: Team Data Tables Surgical and Medical

Please provide the requested information for the UNOS Designated Primary Surgeon, Alternate Primary Surgeon (surgeon in charge in the absence of the UNOS Designated Primary Surgeon), UNOS Designated Primary Physician and Alternate Primary Physician (physician in charge in the absence of the UNOS Designated Primary Physician) who are primarily responsible for the transplant program:

1. Name
2. Specialty
3. Board Certified - Is the surgeon or physician currently board certified or eligible
4. Board Certification - List the specialties in which the surgeon or physician holds a current board certification
5. Present Appointment - List the start date of present appointment at this facility, present title and number of transplants personally performed as primary surgeon or managed as primary physician in the past two years. **If physician has been in this present appointed position less than 2 years, please complete numbers #6 & #7.**
6. Transplant Residency/Training - List the facility and dates where the surgeon or physician performed a Residency or Fellowship in transplantation. List the total number of transplants performed as primary surgical assistant or that were managed as primary physician during this period
7. Post Residency Appointments - List the facility, title, dates and number of transplants performed as primary surgeon or managed as primary physician during these appointments.
8. Percentage (%) of Time Dedicated to the Program - List the percentage of time the surgeon or physician spends directly involved in transplant (either in the direct care of patients or performing related administrative functions) in the past calendar year.

PART 4a - Adult Lung Transplant Team (Surgical)

Please complete the table below and attach an **UPDATED Curriculum Vitae (CV)** for both the Primary Surgeon AND Alternate Primary Surgeon (Label attachment by surgeon name)

Surgical Team Data Table

	UNOS Designated Primary Surgeon For Lung Transplant	Alternate Primary Surgeon For Lung Transplant (See Instructions)
