# PARTNERING FOR IMPACTFUL CHANGE

an initiative focused on improving affordability and access to costly medical benefit drugs for nearly 100 million Americans.

a partnership that is manufacturing and distributing affordable insulin pens with a consumer-facing purchase price of no more than \$55 per box—the lowest list price in the current long-acting insulin market.

a partnership where BCBSA and its member companies are investing more than \$10 million over four years to train over 48,000 staff in more than 5,000 Clubs in trauma-informed practices to better support the emotional and mental well-being of more than 3 million children.

## TAKING ACTION TO MAKE HEALTH CARE MORE AFFORDABLE

BCBS companies are laser-focused on making high-quality health care more affordable and accessible for everyone – taking actions such as:

- Innovative partnerships with **CivicaScript®** and **Synergie Medication Collective** to increase access to low-cost prescription drugs
- **Blue High Performance Network® (BHPN)**, a high-value provider network offering quality care at lower costs
- **Blue Distinction® Centers**, nationally recognized facilities for high-quality, cost-effective specialty care

## TRANSFORMING CARE WITH DATA-DRIVEN SOLUTIONS

By drawing on our robust data from covering 1 in 3 Americans, BCBS companies are uniquely positioned to provide insights on health care quality and cost at the local, regional and national levels.

- More than **87 Million** BCBS members across 50 states, and Washington, D.C., have access to value-based care from more than **716,000** providers
- An estimated **\$610 Billion** in annual claims nationally

## INVESTING IN LOCAL COMMUNITIES

Through corporate giving and foundation investments, BCBS companies create programs and support community partnerships that have a great impact on the health and well-being of our local communities – driving more equitable care for all Americans.

Investing more than  
**\$357 MILLION**  
in community health initiatives
