WHO WE ARE

For more than 90 years, Blue Cross and Blue Shield (BCBS) companies have provided quality health care coverage to people in communities across the country. Today, the independent and locally operated BCBS companies take what we learn from covering 1 in 3 Americans and use it to transform our health care system, improve the health and wellness of our local communities, and advance health equity.

WHO WE SERVE

BCBS companies are working to keep health care costs down for everyone regardless of how they get their coverage:

- 18M unionized workers, retirees and their families
- 5.8M federal workers, retirees and their families through the Federal Employee Health Benefits Program
- 6.8M through small business employers
- 7.4M through the individual market
- 13M through Medicaid programs
- 4.6M through Medicare Advantage
- 5.3M through Medicare Part D Rx drug plans
- 4M through Medigap supplemental insurance

Collectively cover nearly 118 MILLION people

Contract with more than 1.8 MILLION doctors and hospitals across the country

Are in nearly EVERY ZIP CODE in the U.S., the District of Columbia and Puerto Rico
The Blue Cross Blue Shield Association is a national federation of independent, community-based and locally operated Blue Cross and Blue Shield companies that collectively provide health care coverage for 1 in 3 Americans. To learn more about how BCBSA is advocating to improve health care for all Americans, please visit www.bcbs.com.

Reimagining Health Care to Advance Health Equity

People of color are disproportionately impacted by many of the nation’s top health conditions. Our National Health Equity Strategy includes:

- Collecting data to measure disparities
- Scaling effective programs
- Working with providers to improve outcomes and address unconscious bias
- Leaning into community partnerships
- Influencing state and federal policy decisions

Transforming Care with Data-Driven Solutions

By drawing on our robust data from covering 1 in 3 Americans, BCBS companies are uniquely positioned to provide insights on health care quality and cost at the local, regional and national levels.

Areas of Community Investment

- Access to Care and Coverage
- Health Care System Quality & Affordability
- Social Determinants of Health
- Wellness, Disease Prevention and Management

Investing in Local Communities

Through corporate giving and foundation investments, BCBS companies create programs and support community partnerships that have a great impact on the health and well-being of our local communities – driving more equitable care for all Americans.

- Investing more than $500 million in community health initiatives
- Donating $25 million to improve behavioral health care
- Giving $19 million to improve maternal health
- Providing $18 million to address youth mental health

Areas of Investment

- $162M: Access to Care and Coverage
- $119M: Health Care System Quality & Affordability
- $172M: Social Determinants of Health
- $46M: Wellness, Disease Prevention and Management

A network that includes 1.8 million doctors and hospitals nationwide

An estimated $600 billion in annual claims nationally

More than 81 million BCBS members across 50 states, and Washington, D.C., have access to value-based care from more than 654,000 providers

A partnership in which BCBS companies have provided implicit bias training to more than 5,000 providers, health care professionals and students across nearly 30 states.

A partnership where BCBSA and its member companies are investing more than $10 million over four years to train over 48,000 staff in more than 5,000 Clubs in trauma-informed practices to better support the emotional and mental well-being of more than 3 million children.

A partnership that will begin manufacturing and distributing insulin with a recommended purchase price of no more than $30 per vial – a savings of nearly $400 for uninsured and underinsured individuals.
